Davenport Group Named to CRN's 2018 Solution Provider 500 List

St. Paul, MN, June 4, 2018 – Davenport Group, an end-to-end solutions provider serving mid-market customers nationwide, announced today that [CRN®](#), a brand of [The Channel Company](#), has named Davenport Group to its 2018 *Solution Provider 500* list. The *Solution Provider 500* is CRN's annual ranking of the largest technology integrators, solution providers and IT consultants in North America by revenue.

The *Solution Provider 500* is CRN's predominant channel partner award list, serving as the industry standard for recognition of the most successful solution provider companies in the channel since 1995. The complete list will be published on CRN.com, making it readily available to vendors seeking out top solution providers to partner with.

CRN has also released its 2018 *Solution Provider 500: Newcomers* list, recognizing 26 companies making their debut in the *Solution Provider 500* ranking this year.

"We are thrilled that Davenport Group continues to move up on this prestigious list. In the throes of IT transformation, our proven technical competencies and distinguished All-In Platinum status with Dell Technologies are important contributions to our customer's outcomes," said Paul Clifford, President of Davenport Group. "As much as technology is at the forefront, this achievement is really about the people throughout our organization and the organizations we serve. Our record growth reflects the trust and commitment between Davenport Group, our customers, and Dell Technologies."

"CRN's *Solution Provider 500* list spotlights the North American IT channel partner organizations that have earned the highest revenue over the past year, providing a valuable resource to vendors looking for top solution providers to partner with," said Bob Skelley, CEO of The Channel Company. "The companies on this year's list represent an incredible, combined revenue of \$320 billion, a sum that attests to their success in staying ahead of rapidly changing market demands. We extend our sincerest congratulations to each of these top-performing solution providers and look forward to their future pursuits and successes."
