**FOR IMMEDIATE RELEASE**

**Davenport Group Hires  
David Stabler as New IT Systems Administrator**

**Saint Paul, MN, September 25, 2017** — Award-winning Davenport Group is pleased to welcome David Stabler, IT Systems Administrator, to their rapidly growing team.

In his new role, Mr. Stabler will report to Bill Parker, Director of Customer Service and Operations. Mr. Stabler will be responsible for supporting all internal technical needs, including infrastructure and desktop operations as well as providing subject matter expertise to key initiatives. His technical expertise will ensure that Davenport Group's core processes run smoothly.

Mr. Stabler has several years of technology experience in both public and private sectors. From the University of South Carolina, to the South Carolina Department of Health and Human Services, Mr. Stabler has worked to improve networks and data centers. His vast knowledge across multiple technologies will be important to Davenport Group's ongoing expansion.

"We're very excited to add David's knowledge and skill set to our team" said Alex Bauer, Vice President of Operations and Engineering. "He will help Davenport Group continue to work effectively and efficiently as we strive to deliver the best end-to-end solutions for our customers."

His technical skills, comprehensive training, and hardware knowledge will make him a valuable asset. Mr. Stabler's work will ensure that Davenport Group can continue to focus on going above and beyond to meet the needs of their customers.

**About Davenport Group**

Davenport Group designs and implements IT solutions that help organizations proactively manage their data — today and into the future. Specializing in enterprise data storage and virtual infrastructure, Davenport Group is an end-to-end solutions provider serving mid-market customers nationwide. Davenport Group is a certified woman-owned business (WBENC). Visit [www.davenportgroup.com](http://www.davenportgroup.com) to learn more.
