St. Paul, MN, June 5, 2017 — Davenport Group, a Dell EMC Titanium partner, is honored to announce today that [CRN®](#) has named Davenport Group to its 2017 Solution Provider 500 list. The Solution Provider 500 is CRN's annual ranking of the largest technology integrators, solution providers and IT consultants in North America by revenue. This is the first year that Davenport Group was named to the list, which signifies the rapid growth that the company has been experiencing.

The Solution Provider 500 is CRN's predominant channel partner award list, serving as the industry standard for recognition of the most successful solution provider companies in the channel since 1995. This year, for the first time since 2010, the complete list will be published on CRN.com, making it readily available to vendors seeking out top solution providers to partner with.

Davenport Group is pleased to be recognized on the **2017 Solution Provider 500** list. "Our team has been working hard to grow the business and expand our capabilities to better serve our customers. Being recognized alongside these other outstanding companies means that we are focused on the right things.
