Davenport Group Achieves CRN Triple Crown Award

A Recognition of Exceptional IT Solution Provider Service

Lewisburg, TN - October 11, 2021 - Davenport Group, a Dell Technologies Titanium Partner and end-to-end solutions provider, today announced that CRN, a brand of The Channel Company, has named Davenport Group as a 2021 Triple Crown Award winner. This award celebrates standout solution providers for the impressive accomplishment of being featured on three of CRN's prestigious lists.

For eight consecutive years, the Triple Crown Award has accredited unparalleled performance from top solution providers in North America based on revenue, growth, and technical expertise within the IT channel.

CRN Triple Crown Award winners are honored for earning a place on three elite lists in the same year, including: the Solution Provider 500 list, a ranking of the largest IT solution providers by revenue in North America, the Fast Growth 150 list, a ranking of the fastest-growing organizations in the channel, and the Tech Elite 250 list, for having received the highest-level certifications from leading vendors in the industry. Making each list is truly an achievement but being named on all three lists in a single year highlights exceptional service and commands special recognition from the entire channel community.

With the impressive suite of Dell Technologies' products, Davenport Group has helped organizations across the country achieve their business goals with custom-built IT solutions. Davenport Group has always prioritized customer success, a focus that has led to growth year after year since its inception back in 2001. With strong partner and customer relationships, the Davenport Group team has gone above and beyond to make IT dreams a reality - now and into the future.

"On behalf of the entire Davenport Group team, we are honored to receive the CRN Triple Crown Award with so many excellent solution providers," says Sonia St. Charles, Davenport Group CEO and Co-Founder. "Through a year of ups and downs, Davenport Group has remained committed to our partners and our customers. We've used our resources to stay connected and deliver solutions, and we're proud to see our customers succeed with the Dell Technologies portfolio."

"What an achievement to attain the Triple Crown Award - we are thrilled to congratulate these top solution providers who are leading the pack by revenue in North America, and whom have experienced more substantial growth this year than many other channel organizations while maintaining and building upon the technical skills that result in the highest level of service in the IT channel," said Blaine Raddon, CEO of The Channel Company. "This award is the trifecta of honor, highlighting truly extraordinary solution providers who continue to go above and beyond in their contributions to the channel and to the future of the industry with their dedication and

expertise.”

This year’s Triple Crown Award winners will be featured in the *October 2021* issue of CRN and online at www.crn.com/triplecrown.
